

## Moving and Handling training for the Children's Workforce across Hertfordshire

Places are now available to book on our training for the Autumn Term 2021

### Safe Moving and Handling of Children with physical disabilities

***UNDER GUIDANCE FROM MANUAL HANDLING OPERATIONS REGULATIONS, 1992, MANAGERS HAVE A DUTY TO ENSURE THAT STAFF MEMBERS CARRYING OUT MANUAL HANDLING TASKS REQUIRE ADEQUATE AND APPROPRIATE TRAINING***

This course is specifically for: Teachers, LSAs and SENCOs who support a child with a physical and neurological impairment where the child is unable to move without physical assistance. This includes activities where the carer is carrying out any lifting, pushing and pulling tasks. This is not suitable for children with only behavioural difficulties.

The course will cover legislation, anatomy, biomechanics, ergonomics and basic handling principles. As there are some practical elements, delegates need to wear comfortable, practical clothing and flat shoes.
